

Free E-waste Collection

California Electronic Asset Recovery

St. Francis High School Robotics Team, The Fembots

Friday, October 10, 2014, before and after school
Saturday, October 11, 2014, from 9:00am to 1:00pm
(open to the public)

What to bring:

Monitors, televisions, laptop PCs, notebooks and tablets, desktop PCs, hard drives and zip drives, keyboards, mice, printers, copiers, fax machines, laser scanners, VCRs, CD players, calculators, telephones, cell phones and smart phones, digital cameras, stereo equipment, speakers (non-wood only), electronic cables, video game consoles, microwaves, and small household appliances (e.g. toasters, mixers).

*For your security, all hard drives are completely shredded at the CEAR facility

What not to bring:

Non-electronic waste (items that do not have both a circuit board and power cord), all batteries (including household, car, and computer), battery powered consumer products (e.g. power tools, toys, portable radios), lamps and light bulbs, hazardous waste (e.g. pesticides, paint), and techno trash (e.g. CDs, VHS tapes, DVDS) .

Where: St. Francis High School
5900 Elvas Ave., Sacramento 95819

Who Benefits: Proceeds from recycled e-waste will benefit the school's FIRST Robotics team, The Fembots.

Support your favorite Robotics team in pink!

Do you have e-waste you want to get rid of NOW?
Email us and we will pick it up! robotics@stfrancishs.org
