>>> The Lineup

1

From Traditional to Transformative: The Future Landscape of College Majors

AI and emerging technologies are revolutionizing careers, prompting colleges to adapt their programs. Hear from experts who are at the forefront of these changes.

 **Tuesday, October 8**
5 pm PT / 8 pm ET

Speakers:

- Rick Clark, Georgia Tech
- Gil Villanueva, Rhodes College
- Carlos Cádenas, Head Royce School

2

Navigating the Ongoing Evolution of Admissions Testing

Standardized testing policies are constantly changing. This session provides clear guidance on navigating the testing landscape, whether your student is facing test-optional, test-required, or mixed policies.

 **Tuesday, October 15**
5 pm PT / 8 pm ET

Speakers:

- Shawn Abbott, Tulane University
- Michael Pina, University of Richmond
- Hector Martinez, The Webb School

3

The Future of Applying to College: Impacts of Technology

Explore how technology is reshaping the college admissions process, from virtual visits to AI in applications. Learn what's next and how to prepare your student for these new challenges.

 **Tuesday, October 29**
5 pm PT / 8 pm ET

Speakers:

- Benjamin Toll, George Washington University
- Gary Clark, UCLA
- Sara Miranda, Chadwick School
